On October 8, 2004, Verizon filed Transmittal No. 501, a portion of which submitted regulations to remove TCP/IP Data Aggregation Service from Tariff FCC Nos. 11, 14 and 16. TCP/IP Data Aggregation Service, as offered in Tariffs FCC Nos. 11, 14 and 16, has two offerings of CyberPOPSM which are modem based data aggregation services. Several months prior to issuing Transmittal No. 501, Verizon removed one of its other TCP/IP Aggregation Services and assumed that it had no customers and no demand for the remaining TCP/IP Data Aggregation Services. As a result, Verizon issued Transmittal No. 501 to remove the CyberPOP offerings.

Verizon has since realized that it does have at least one customer who subscribes to CyberPOP services under Tariff FCC Nos. 11, 14 and 16. Therefore, under authority of Special Permission No. 04-072, Verizon is submitting tariff pages to withdraw the portion of Transmittal No. 501 which removed the CyberPOP offerings and to reinstate the regulations for CyberPOP that are currently in effect.

Support material as specified under Section 61.49 of the Commissions Rules is not required with this filing.

This transmittal letter and associated attachments are being filed electronically today via the Federal Communications Commission's Electronic Tariff Filing System (ETFS).

Payment in the amount of \$720.00 has been electronically transmitted to the Mellon Bank in Pittsburgh, Pennsylvania, in accordance with the fee program procedures. The Form 159 is being transmitted electronically over ETFS.

In accordance with the requirements of Section 61.21(a)(3) of the Commission's Rules, the F.C.C. Registration Number (FRN) for Verizon is 0003-7085-00. Verizon is filing this transmittal on behalf of issuing carriers with the following FRNs:
